

Creating Extraordinary **performers**

Studies have proven that **being involved in music and performing arts programs helps students with their academic studies**, improves their **confidence** and **communication skills**, and **increases test scores** on standardized tests.

The Performing Arts at Lake Catholic gives students at any skill level the opportunity to explore their creative side. Teachers with professional performing art backgrounds bring their knowledge and experience into the classroom to create real world opportunities for students to learn both on and off the stage. The hard work and dedication students put into the Lake Catholic Performing Arts program allows them to find their unique self: on the stage, on the field or in an ensemble. Best of all: every student is rewarded with a lifetime of memories and friendships.

ACADEMICS

TECHNICAL CLASSES

Our semester-long classes provide **diverse opportunities** for students to be **introduced to techniques in music or theater** in a low-pressure environment. They also give experienced performing artists the chance to sharpen their skills.

- Acting I (CCP)
- Play Production
- Music Theory Applied
- Dramatic Interpretation
- Survey of Cinema
- Guitar Fundamentals
- Music Theory
